Yes

Describe your company culture

IMI plc, the specialist engineering company, designs, manufactures and services highly engineered products that control the precise movement of fluids. Its innovative technologies, built around valves and actuators, enable vital processes to operate safely, cleanly, efficiently and cost effectively. IMI operates in five key market sectors, Industrial Automation, Process Automation, Climate Control, Life Science & Fluid Control, and Transport, all of which are benefiting from the impact of long-term global trends including climate change, urbanization, resource scarcity and an aging population. IMI's Industrial Automation sector offers a world-class product portfolio including IMI Norgren, IMI Bimba, and IMI Bahr. The Group employs over 12,000 people, has manufacturing facilities in more than 20 countries and operates a global service network. The Company is listed on the London Stock Exchange and is a member of the FTSE100.
