Describe your company culture

For 50 Years STAUFF USA has been serving the needs of Hydraulic Distributors and Equipment Manufacturers in North America from our locations in New Jersey, Michigan (United States of America) and Ontario (Canada).

Using decades of experience and state-of-the-art production technologies, STAUFF has the reputation of being one of the world's most respected manufacturers of pipe clamps, test points, connectors, quick release couplings, filters, valves, diagtronics and hydraulic accessories.

Our network of production facilities, logistics and service centers employs over 1,400 qualified and highly motivated team members worldwide.
